

# Call for Artists

Meydenbauer Center is looking for an artist to develop a piece of digital art to fill the windows along our storefront that celebrates the beauty and amenities in our community and enhances the appearance of our storefront in anticipation of the Sound Transit Bellevue Downtown Station opening. This piece will have broad community visibility on our storefront across from the Downtown Station and Bellevue City Hall.

#### **Project Details**

- **Venue:** The work would be displayed along the Meydenbauer Center streetscape on NE 6<sup>th</sup> Street directly opposite the Bellevue Downtown Station for the East Link Light Rail. We are looking for work that would be able to be appreciated from a distance as guests are walking along the light rail station.
- **Project Specification**:
  - We are looking for a digital piece that will be commercially printed to fill a total of 13 exterior windows across 1,573 linear feet.
  - Our goal is to highlight Bellevue's amenities and natural beauty in an illustrative format. We would like Meydenbauer Center's role in the community as a gathering place and community performing arts center to be featured within the content of the piece in some way. Some additional areas of inspiration include Meydenbauer Bay, Bellevue Botanical Gardens, Bellevue's many parks, Lake Washington and Bellevue Art Museum.
  - Please see the attached documents for dimensions for each of the windows, as well as photos of the space.
- **Budget:** We have a \$7,500 budget for the artwork and will handle the printing expenses separately.
- Timeline:
  - o Request for proposals: February 26, 2024
  - Responses due: May 26, 2024
  - o Review process: May 30 June 14, 2024
  - Award project to artist: June 17, 2024
  - Work completed & ready for printing: August 19, 2024

#### **Response Requirements**

To be considered for this project, please submit the following via email to Sara Waltemire at <u>swaltemire@meydenbauer.com</u> no later than 5pm on May 26, 2024:

- A brief description of your experience, your disciplines and your qualifications, as well as a high-level description or representation of your concept for this project.
- At least five high-resolution images of three different projects you have completed
- At least two professional references or recommendations letters preferred.
- This project is open to any artist eligible to work in the United State, but Washington Statebased artists are preferred.
